

BUILDING ON THE PAST...

When our first Charabanc - built on a Model T Ford chassis - rolled off the line at the Plaxton coach works nearly 100 years ago, coach travel was still in its infancy.

Since then, we have led the way developing new generations of coaches. Today, our Cheetah XL, Leopard, Panther, Elite and Panorama models are still out in front.

All British built to last with stainless steel body structures. All backed by outstanding after sales support. All designed to be adaptable as your needs change for best-in-class whole life costs. Add superb resale values, and it's easy to see why operators continue to choose Plaxton.

1907
Plaxton founded

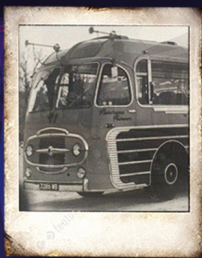

1919
Plaxton Charabanc on Ford Model T chassis off the line

1939
Coach production stops while Plaxton helps with the war effort

1958
