

# ENVIRO400

United Kingdom & Ireland / 11.5m high capacity specification

The **Alexander Dennis Enviro400** is Britain's favourite double deck bus. Designed by the industry for the industry, its lightweight design makes it highly fuel efficient and cost-effective to run.

The 11.5m long version combines capacity and comfort, raises the bar and helps your company win profitable business in private hires, corporate work and school contracts. Attractive specification options include leather seats, tables, wood effect flooring, seat belts, Wi-Fi, USB and wireless mobile device charging, mobile phone holders, skylight roof panels as well as next-stop audio and visual announcement systems.
