

Panther

United Kingdom & Ireland / stock specification

The **Panther** is the established favourite of the Plaxton range, a truly versatile coach that can take on all roles from luxury touring to scheduled routes. With adaptability, longevity and proven residual values, this big cat is the coach with nine lives.

Stock-built Plaxton Panther coaches are available for immediate or later delivery. Built on Volvo's fuel-efficient B8R chassis, these are available in multiple specifications with a choice of interior colour and trim options.

When fitted with a side-mounted wheelchair lift and digital destination displays, the Plaxton Panther meets PSVAR requirements.

| | |
