

# Enviro400EV

## THE CROWD-SHIFTER

The Alexander Dennis Enviro400EV is the perfect battery-electric double deck bus for Transport for London routes. Part of the next generation of Alexander Dennis zero-emission buses, this reliable and efficient double decker meets all TfL requirements including the latest advances of the capital's Bus Safety Standard.

Its class-leading energy throughput means that subject to route profile, the original batteries can complete two consecutive seven-year contracts without replacement.
